Improving Confidence In Hard And Soft Tissue Management In Esthetic Areas: From Simple To Complex Cases

Rome - Italy

2 FULL DAYS COURSE OR 1 FULL DAY COURSE

Dr. Tabanella Giorgio DDS, MS
Diplomate Of The American Board Of Periodontology

WWW.TABANELLAOREC.COM
Announcement

Dear Colleague,

I am delighted to announce our NEW course on bone and soft tissue grafting. Our limited attendance course is designed to allow you to immediately and effectively incorporate practical tips and tricks in your practice. We are committed to prepare you to meet the ongoing challenges that we clinicians face when there is no room for error and grafting is not an option.

The first day the principles of grafting and periodontics will be explained in details by showing step by step extensive clinical presentations. A long series of full HD videos will give the participants the feeling of being part of the surgery itself. Then a practical hands-on on pig’s jaw will allow participants to become familiar with the techniques by performing several surgical simulations. The use of novel biomaterials, revolutionary surgical instruments and the digital surgical planning will help us to better prepare a biomimetic, minimally invasive and long lasting surgical reconstruction.

The second day a series of live surgeries and interactive discussion will serve as the foundation of our course. We are pleased to welcome you to optimize your clinical background in a relaxed and intimate learning environment that will increase your dental implant knowledge.

Join us for a very special educational experience that will take your implant practice to its highest level.

See you in Rome,

Giorgio Tabanella DDS,MS
Diplomate of the American Board of Periodontology
Dr. Tabanella is a Diplomate of the American Board of Periodontology. He graduated from the University of Southern California-Los Angeles-USA where he obtained the Certificate in Periodontics as well as the Master of Science in Craniofacial Biology. He was awarded “Outstanding Periodontal Graduate Student Research In Surgery And Implantology” by the California Society of Periodontists for his study on bone remodeling.

Dr. Tabanella lectures in Europe as well as in the US on implant and periodontal surgery, aesthetics, peri-implant bone remodeling, soft and hard tissue reconstruction. His research focuses on tissue regeneration and augmentation as well as peri-implant. He maintains a private practice limited to periodontology, reconstructive and implant surgery in Rome, Italy.
Overview

Starting from the principles of bone regeneration, the course will show simple to complex cases in the esthetic areas. Full HD surgical videos as well as clinical pictures will emphasize anatomical and surgical details of donor and recipient sites.

Every surgery will be explained step-by-step in order to provide in-depth training for the participants in the manipulation of peri-implant tissues.

A hands-on session as well as live surgeries will give participants awareness of performing tissue augmentation from a periodontal perspective.

Long-lasting and esthetic results will be based on surgical key factors, which are critical for achieving optimal biomimetics.

- Hands-on on pig’s jaw
- Live surgery
- Principles of tissue regeneration
- Surgical planning of advanced cases: a periodontal perspective
- Surgical Design
- How to boost the biotype
- Manipulation of hard and soft tissues: practical tips and tricks
- Intraoral block graft versus GBR: when, why, and how
- Discussion of surgical complex esthetic clinical cases
Hands-on on Pig’s Jaw: Improving self confidence

Live Surgery: Manage Complex Cases
Pig’s Jaw - Friday

**Theory, 9.00am - 12.00pm**

- Digital Planning: 3D Diagnosis and treatment planning
- How to assess implant cases: straightforward advanced and complex
- Key principles for long term success
- Predictors of bone loss
- GBR versus block graft
- Resorbable versus non resorbable membranes: how to reduce post op complications
- Instrumentation, flap management suturing techniques
- Donor and recipient sites
- Tips and tricks
- Full HD videos and case presentations

**12.00pm - 1.30pm**  *Lunch Break*

**Pig’s Jaw, 1.30pm - 6.00pm**

- Horizontal and vertical augmentation with resorbable novel biomaterials
- Horizontal augmentation and simultaneous implant placement
- Block graft
- Soft tissue management
- Full HD videos to show step by step surgical approach
Discussion of the clinical cases before and after the surgeries

9-00am - 12.00pm

1. Guided Bone Regeneration with the use of a novel resorbable membrane for horizontal augmentation

2. Guided Bone Regeneration with the use of titanium mesh and titanium reinforced membrane

12-00pm - 1.00pm Lunch Break

1-00pm - 4.30pm

1. Advanced esthetic case: combined horizontal and vertical ridge augmentation with soft tissue management

2. Implant placement in augmented sites: the management of regenerated bone
Social Program

**Thursday**
Welcome cocktail reception with a breathtaking view of Rome

1° Day - Friday
10.00 am - 12.00 pm - Guided tour for spouse and family to Galleria Borghese and Gardens (upon request)

12.00 pm - 1.00 pm - Brunch

6.30 pm - 8.30 pm - Guided Tour to the most important monuments of Rome with an english speaking guide (for all participants)

8.30 pm - 10.30 pm - Dinner (for all participants)

2° Day - Saturday
10.00 am - 12.00 pm - Guided tour for spouse and family to Scuderie del Quirinale (upon request)

12.00 pm - 1.00 pm - Brunch

1.00 pm - 3.00 pm - Shopping to the most trendy Roman boutique stores (upon request)

For people who can spend some more days in Rome....

Guided tour to the Private Vatican Gardens and Top of St. Peters' Chapel

For more information regarding the costs and details of the guided tour for spouse and family please send an email to: info@tabanellaimplantologia.it or lorenab@libero.it

All tours for spouse and family must be confirmed 30 days before the arrival because all this places are always fully booked.

The Friday night tour and dinner are free of charge for all participants and their spouses.
General Information

Registration Fee

2 FULL DAYS COURSE (HANDS ON + LIVE SURGERY)

1.990 Euros (not including 22% VAT)
Deposit of 50% required.

The course registration fee includes:
• Course Material
• Lunches and coffee breaks during the course
• Welcome reception cocktail
• Guided Tour to the most important monuments of Rome with an english speaking guide
• Dinner at Antica Pesa

1 FULL DAY COURSE (ONLY LIVE SURGERY)

780 Euros (not including 22% VAT)
Deposit of 50% required.

The course registration fee includes:
• Course Material
• Lunches and coffee breaks during the course

Official Language
English

Invoice
Only digital version of invoices will be sent to participants. The invoice will be issued within one week after the registration. In case of any enquiries, please contact:
info@tabanellaimplantologia.it or lorenab@libero.it

Cancellation policy
All cancellations must be made in writing (email or fax) to:
OREC SRL
Via Rovereto 6 int. 4
00198 Roma - Italy
Fax number +39 06 84240686
Email: info@tabanellaimplantologia.it or lorenab@libero.it
